PROFILE

Growth marketing and marketing operations professional with experience across agency strategy, early-stage technology, and independent business ownership. Connects market research, paid acquisition, landing pages, CRM follow-up, attribution, and automation into practical customer acquisition systems. Works with founders, business owners, media buyers, and technical teams to turn performance findings into action.

CORE SKILLS

- Growth strategy, positioning, offer development
- Meta and Google Ads strategy, creative testing
- GoHighLevel funnels, CRM, email and SMS workflows
- GA4, GTM, Meta Pixel, Conversions API, RedTrack
- Attribution, funnel analysis, conversion optimization
- n8n, Python, webhooks, AI-assisted workflows

PROFESSIONAL EXPERIENCE

Unbranded Growth | Lead Marketing Strategist — Jan 2026 – Present

Lead client acquisition strategy and marketing execution across an agency portfolio, from offer development and campaign planning through lead capture, follow-up, and reporting.

- Develop industry-specific positioning, offers, advertising angles, and full-funnel plans for service businesses.
- Build responsive GoHighLevel landing pages, forms, qualification flows, appointment processes, and automated email/SMS follow-up.
- Implement and troubleshoot Meta Pixel, Conversions API, GA4, Google Tag Manager, RedTrack, UTMs, and CRM attribution.
- Analyze campaign costs, conversion, lead quality, and funnel bottlenecks with agency leadership and media buyers.

VBRL | Growth Marketing & Marketing Operations Lead — Aug 2024 – Jan 2026

Led growth marketing and operations for early-stage AI and technology initiatives, supporting positioning, launch planning, experimentation, and operational systems.

- Created messaging frameworks, channel priorities, and market-facing materials for emerging products.
- Designed n8n and Python workflows for marketing monitoring, content operations, and reporting.
- Supported acquisition tests, competitive research, investor-facing narratives, and founder discussions on growth and positioning.

Riverbend Digital Solutions | Founder

Jan 2021 – Aug 2024

Founded and operated a digital solutions business focused on client marketing systems, digital presence, customer acquisition, and automation.

- Worked directly with business owners to define growth needs, project requirements, positioning, and channel opportunities.
- Built lead generation funnels and workflows for capture, enrichment, follow-up, and marketing reporting.
- Supported rebranding, messaging, market research, analytics foundations, vendor coordination, and client delivery.

Lineman / Apprentice Lineman | Various employers

Oct 2015 – Jul 2021

Worked in electrical utility field roles requiring safety awareness, technical learning, teamwork, and reliable execution under pressure.

- Followed operational and safety procedures while troubleshooting with field crews.
- Built practical problem-solving and accountability that carry into technical marketing work.

SELECTED IMPLEMENTATION EXPERIENCE

• Customer acquisition: Campaign strategy, direct-response copy, landing page variants, lead forms, and appointment flows.

• Marketing operations: CRM segmentation, lead routing, automated follow-up, nurture, and operational documentation.

• Measurement: Browser and server conversion events, event deduplication, UTM and click-ID handling, and reporting diagnostics.

• Automation: n8n, Python, APIs, webhooks, AI-assisted research and workflows, and data enrichment.

EDUCATION & CONTINUED LEARNING

Southeast Lineman Training Center | Trenton, Georgia | 2015

Montville High School | Montville, Connecticut | 2010

Continuing hands-on study in data analytics, Python, CRM systems, marketing technology, AI workflows, and conversion tracking.
